

CHAPTER 25.

An Act to authorise as respects gas undertakings the substitution of a standard of calorific power for a standard of illuminating power.

A.D. 1916.

[3rd August 1916.]

BE it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1.—(1) Where, by virtue of any Act or Order confirmed by Act of Parliament regulating the undertaking of any company, authority, or person authorised to supply gas in any area in the United Kingdom (hereinafter referred to as the undertakers), the gas supplied by the undertakers is required to be of a prescribed illuminating power, and the undertakers are liable to penalties in the case of the illuminating power of the gas provided by them being less than, or being less by a prescribed extent than, such prescribed illuminating power, then on application being made by the undertakers the appropriate Government department may, if they think it expedient, and subject to such conditions, if any, as they consider proper, including such variation as they may think desirable of the prescribed pressure at which the gas is to be supplied, by order—

Power to substitute standard of calorific power for standard of illuminating power.

- (a) substitute for the prescribed standard of illuminating power a prescribed standard of calorific power;
- (b) exempt the undertakers from penalties in respect of a deficiency in illuminating power and substitute for the provisions imposing such penalties provisions imposing penalties in the case of deficiency in calorific power; and
- (c) substitute for the provisions as to testing for illuminating power provisions as to testing for calorific power;

and on the making of such an order the Act or Order regulating the undertaking shall have effect as amended by the order.

A.D. 1916.
—

(2) In considering the expediency of making such an order the department shall have special regard to whether the undertakers have erected and worked, or are prepared to erect and work, suitable crude benzol recovery plant for the production of benzol and toluol.

(3) Before making an order under this section the appropriate Government department shall require the undertakers to give public notice, in such manner as the department may consider best adapted for informing persons affected, of the application for an order under this section, and of the calorific standard proposed to be adopted, and as to the manner in which and time within which objections may be made, and shall consider any objections which may be duly made, and shall, where they think it expedient to do so, hold an inquiry, and the costs (if any) incurred by the department in connection with the inquiry shall be borne by the undertakers.

(4) For the purposes of this section "the appropriate Government department" means—

(a) in cases where the undertakers are a local authority, the Local Government Board, or the Secretary for Scotland, or the Local Government Board for Ireland, as the case may be; and

(b) in any other case, the Board of Trade.

Short title.
