WHEREAS the borrowing of money by the London County Council (herein-after referred to as "the Council") for the purposes of expenditure on capital account and of loans to bodies and persons is governed by the London County Council (Finance Consolidation) Act 1912 (herein-after referred to as "the principal Act") and by Acts to be obtained by the Council for regulating such expenditure and loans during the several periods from the first day of April in any year to the thirtieth day of September in the next following year (which last-mentioned Acts and periods are in the principal Act and in this Act respectively referred to as an "Annual Money Act" and a "financial period"):

And whereas by section 5 of the principal Act power is conferred on the Treasury in case the amounts so specified as aforesaid in relation to any financial period are in any case found to be insufficient to authorise the Council to expend on capital account during that period such further sums as may be proved to the satisfaction of the Treasury to be necessary not exceeding in the aggregate in the financial year and the following six months respectively comprised in the said period such amounts as may be specified for the purpose in the Annual Money Act relating to that period :

And whereas it is expedient that the expenditure of the Council on capital account and the lending of money by them during the financial period from the first day of April one thousand nine hundred and fifteen to the thirtieth day of September one thousand nine hundred and sixteen (herein-after referred to as "the financial period 1915-1916") should be regulated as by this Act provided :

And whereas estimates have been prepared by the various committees of the Council of the amounts which may be required for the purposes of expenditure on capital account and of loans during the financial period 1915-1916 in the execution of the powers and duties respectively delegated to those committees and all those estimates have been considered by the finance committee of the Council and submitted by that committee to the Council and the estimates as so submitted have been adopted by the Council :

And whereas the sums estimated to be so required as aforesaid for expenditure on capital account during the financial period 1915-1916 are set out as respects expenditure under the existing powers of the Council in Part I. of the schedule to this Act and as respects expenditure under powers sought to be obtained by the Council under a Bill promoted by them
