

CHAPTER lxxii.

An Act to extend the time for the completion of certain widenings of the Knottingley and Goole Canal to make further provision with regard to shipping dues and wharfage rates at the Port of Goole to relieve the Undertakers of the Aire and Calder Navigation of the liability to maintain and keep navigable a portion of the River Aire and for other purposes.

A.D. 1929.

[10th May 1929.]

WHEREAS it is expedient to extend the time limited by section 12 of the Aire and Calder Navigation Act 1924 for the completion of the widenings of the Knottingley and Goole Canal referred to in that section :

And whereas by the Goole Docks (Temporary Increase of Charges) Order 1924 the Undertakers of the Aire and Calder Navigation (hereinafter called "the Undertakers") were authorised to charge the dock dues on shipping and wharfage rates on goods in operation at the port of Goole on the thirty-first day of December one thousand nine hundred and thirteen with an addition thereto not exceeding sixty per centum :

And whereas by section 5 of the Aire and Calder Navigation Act 1924 the said Order of 1924 was continued in operation until the first day of October one thousand nine hundred and twenty-nine :

A.D. 1929.
—

And whereas in order to enable the Undertakers thereafter to levy and make adequate shipping dues and wharfrage rates in respect of their Goole dock undertaking it is expedient that the increased charges authorised by the said Order of 1924 should continue in operation without limitation of time but subject to the provisions in this Act contained for revision of the said dues and rates :

And whereas by section CXII. of the Act 1 Geo. IV. cap. XXXIX. the Undertakers were required to keep open and to maintain navigable the portions of the river Aire therein described including the portion of the said river extending from Haddlesey old lock and dam to the conflux of the said river with the river Ouse :

And whereas the last-mentioned portion of the river Aire is not now required for public navigation and the expense of maintaining that portion of the said river greatly exceeds the revenue derived by the Undertakers for the use thereof and it is expedient that the Undertakers should be released from liability to maintain the said portion of the said river as in this Act provided :

And whereas it is expedient that the other provisions of this Act should be enacted :

And whereas the purposes of this Act cannot be effected without the authority of Parliament :

May it therefore please Your Majesty that it may be enacted and be it enacted by the King's most Excellent Majesty by and with the advice and consent of the Lords Spiritual and Temporal and Commons in this present Parliament assembled and by the authority of the same as follows :—
