c. 12.

And whereas a Provisional Order made by the Board of Trade under the authority of the said Acts is not of any validity or force whatever until the confirmation thereof by Act of Parliament:

And whereas it is expedient that the several Provisional Orders made by the Board of Trade under the authority of the said Acts as set out in the schedule to this Act be confirmed by Act of Parliament:

Be it therefore enacted by the King's most Excellent Majesty by and with the advice and consent of the Lords Spiritual and Temporal and Commons in this present Parliament assembled and by the authority of the same as follows:—

1. This Act may be cited as the Electric Lighting Orders Confirmation (No. 6) Act 1904. Short title.

2. The several Orders as amended and set out in the schedule to this Act shall be and the same are hereby confirmed and all the Orders in  
schedule  
confirmed.

A.D. 1904. — provisions thereof in manner and form as they are set out in the said schedule shall from and after the passing of this Act have full validity and effect.

For protection of Gloucestershire County Council.

3.—(1) Nothing in the Stroud Nailsworth and Dursley Electric Lighting Order 1904 confirmed by this Act shall in any way limit or affect the powers of the Gloucestershire County Council to rebuild alter widen or repair any bridge in or upon which any work by the Order authorised shall be constructed or impose upon the county council any liability which was not by law imposed upon them prior to the commencement of the Order.

(2) If at any time the county council require to carry out works for rebuilding altering widening or repairing any bridge which might involve interference with any portion of the undertaking by the Order authorised they shall prior to the commencement of such works give the Undertakers one month's notice of their intention to carry out such works and if in order to avoid interruption to the supply by the Undertakers of electrical energy it is in the opinion of the county council necessary to remove temporarily the mains and other electrical appliances belonging to the Undertakers from such bridge then the Undertakers shall and may at their own expense temporarily carry their cables and wires along or across such bridge overhead or at the side thereof in such a manner as will not be a danger or inconvenience to the public or unreasonably interfere with the works to be carried out by the county council and the county council shall not be required to pay compensation to the Undertakers for any loss or damage to which they may be put in consequence of the exercise of the powers of the county council or of the removal of such mains and appliances.

(3) When the rebuilding altering widening or repairing of such bridge shall have been completed the Undertakers shall have the same rights and powers with regard to such bridge as they had before the works were carried out.

(4) If any dispute arises between the county council and the Undertakers with regard to this section the same shall be determined by an arbitrator to be appointed on the application of either party by the Board of Trade.

For protection of Wilts County Council.

4.—(1) Nothing in the Trowbridge Urban Bradford-on-Avon Urban and Bradford-on-Avon Rural Electric Lighting Order confirmed by this Act shall in any way limit or affect the powers of the Wilts County Council (in this section referred to as "the county council") to rebuild alter widen or repair the structure of any

bridge upon which any work by the said Order authorised may be constructed or impose upon the county council any liability which was not by law imposed upon them prior to the commencement of the said Order.

A.D. 1904.  
—

(2) If at any time the county council require to carry out works for rebuilding altering widening or repairing any bridge which might involve interference with any portion of the undertaking by the said Order authorised they shall prior to the commencement of such work give the Undertakers one month's notice in writing under the hand of their clerk or surveyor of their intention to carry out such works and if in order to avoid interruption to the supply by the Undertakers of electrical energy it is in the opinion of the county surveyor or county bridge master necessary to remove temporarily the mains and other electrical appliances belonging to the Undertakers from such bridge then the Undertakers shall (and they are hereby authorised so to do) at their own expense temporarily carry their cables and wires across such bridge overhead or at the side thereof in such a manner as will not be a danger or inconvenience to the public or unreasonably interfere with the works to be carried out by the said county council.

(3) When the rebuilding altering widening or repairing of such bridge has been completed the Undertakers shall have the same rights and powers with regard to such bridge and its approaches as they had before the works were carried out.

(4) (a) Not less than one month before commencing to carry over any county bridge in the county of Wilts any main cable or wire the Undertakers shall give to the county council notice in writing of their intention so to do together with plan and particulars showing the manner in which they propose to place or lay such main cable or wire :

(b) Within one month after the receipt of any such notice plan and particulars the county council may either—

(i) consent thereto in which case the Undertakers may execute the said work in accordance with such plan and particulars but not otherwise ; or

(ii) give to the Undertakers notice in writing requiring them to carry such main cable or wire across under or on the outside of such bridge in such other manner as the county council may direct in which case (subject as herein-after provided) the Undertakers shall not execute the said work otherwise than in accordance with such direction :

A.D. 1904.

Provided always that if within the said last-mentioned period of one month the county council shall not have notified in writing to the Undertakers their disapproval of such plan and particulars as aforesaid they shall be deemed to have consented thereto :

Provided also that if the Undertakers shall be of opinion that any direction of the county council under this subsection is unreasonable the matter in dispute may on the application of the Undertakers be referred to arbitration under the provisions hereinafter contained and in that event the Undertakers may execute the said work in such manner as the arbitrator may direct but not otherwise.

(5) The Undertakers shall not claim or be entitled to any compensation in respect of any damage to their mains cables or works in or under any main road caused by or resulting from the execution by the county council or by any contractor or workman of the county council of any reasonable work of repair or maintenance of any such road or by or from the use by the county council or their contractors or workmen of any such road for traffic of any description but this provision shall apply only to such mains or works as are laid at a less depth than one foot six inches from the surface of the road.

(6) No electric line shall be placed overhead along across or by the side of any main road or any county bridges and approaches under the jurisdiction of or repairable by the county council without the consent of the county council but such consent shall not be unreasonably withheld and if any question arises as to whether the consent of the county council is unreasonably withheld or not such question shall be decided by the Board of Trade.

(7) If any dispute arises between the county council and the Undertakers with regard to any matter arising under this section the same shall (unless otherwise provided) be determined by an arbitrator to be appointed on the application of either party by the Board of Trade.
