1963 CHAPTER 19

An Act to make further provision for the payment of grants under the Local Employment Act 1960 towards the cost of machinery, plant and buildings required by undertakings in development districts, and to enable the Board to fulfil certain agreements in localities which have ceased to be development districts.

[10th July 1963]

BE IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Grants for
machinery and
plant.
8 & 9 Eliz. 2.
c. 18.

1.—(1) The Board of Trade may, with the consent of the Treasury, make to persons carrying on or proposing to carry on industrial undertakings in any development district within the meaning of the Local Employment Act 1960 (in this Act referred to as the principal Act) grants towards the cost of equipping those undertakings with machinery or plant.

(2) A grant may be made under this section in any case where the Board consider it expedient for the purposes of Part I of the principal Act to make such a grant, and the Board shall, in making such a grant, impose such conditions as they think fit for securing that the machinery or plant will continue to serve those purposes, which may include conditions for repayment in specified circumstances.

(3) The amount of any grant under this section shall be ten per cent. of the cost of acquiring and installing the machinery or plant in respect of which it is made.

(4) Grants may be made under this section in respect of expenditure incurred on or after 3rd April 1963.

(5) In this section "industrial undertaking" means an undertaking carrying on any process described in section 21 of the principal Act; and the reference to a development district shall be construed in accordance with section 1(4) of that Act.

2.—(1) Subject to the provisions of this section, the amount of any grant to be made by the Board under section 3 of the principal Act (building grants) towards the cost of providing a building or an extension of a building shall be twenty-five per cent. of the expenditure incurred in providing that building or extension; and subsection (2) of that section is hereby repealed. Amendments relating to building grants.

(2) In calculating for the purposes of this section the expenditure incurred in providing a building or extension, no account shall be taken of any expenditure which, in the opinion of the Board, was not reasonably necessary having regard to the purpose for which the building or extension is required.

(3) In the said section 3 and in this section, references to buildings shall include references to structures, and references to providing a building shall include references to providing a building by adapting an existing building.

(4) This section shall not affect any grant which was offered before 3rd April 1963, but save as aforesaid this section applies to grants under the said section 3 in response to applications made before as well as after the passing of this Act.

3. Without prejudice to section 14(1)(a) of the principal Act (completion of buildings and works) any powers under section 2 or section 5 of that Act may be exercised by the Board in relation to land in any locality, notwithstanding that the locality has at any time ceased to be a development district, so far as may be necessary for the purpose of fulfilling any agreement entered into by the Board before that time. Agreed works.

4. Any expenses incurred by the Board under or by virtue of this Act shall be defrayed out of moneys provided by Parliament and any receipts of the Board under or by virtue of this Act shall be paid into the Exchequer. Expenses and receipts.

5.—(1) This Act may be cited as the Local Employment Act 1963. Short title, construction and citation.

(2) This Act shall be construed as one with Part I of the principal Act, and that Act and this Act may be cited together as the Local Employment Acts 1960 and 1963.
